Dear Friends and Neighbors,

The **Centre Hall Fire Company #4** is your **ALL VOLUNTEER** Fire Company with officers and members who provide fire protection services through your support. These volunteers are men and women from our community who are required to attend trainings, meetings, and respond to emergencies...they also work, go to school, and have family obligations of their own. In order for our volunteers to be safe and efficient, they need good training, tools, and equipment. These volunteers give their **all** to protect lives and property within Centre Hall Borough and Potter Township. These volunteers cannot do it alone!

The Fire Company members have worked diligently towards building a new fire station that meets NFPA standards and that is large enough to accommodate future apparatus. The building process is about to begin. This new building will not only benefit the community by providing emergency shelter, it will also allow the fire company to hold events and fundraisers. Stop by the fire station to see drawings of what your new fire station will look like through your support.

The Centre Hall Fire Company Auxiliary helps to organize fundraisers to help fund this new building. With your help and generous donations, the building of the new fire station is about begin. Through your "neighbor helping neighbor" philosophy, you will help mold the future for the next generation! Thank you to those who have made generous donations in the past.

The Centre Hall Borough Council is in support of this new fire station and asks you to consider donating towards your future.
